4. EDUCATION/EXPERIENCE

What professional or community experience do you have related to this board/position? (Although some boards/positions have requisite areas of education/experience, qualified layperson(s) are also eligible for appointment.)

Perhaps no credentials, but an over-whelming desire would be my best recommendation to request consideration for the current opening on the Cemetery Standards Commission. After participating in the previous committee meeting, I observed good leadership & cohesive desire to reach common goals using available tools and resources. I have always been interested and participated in preservation conservation and community service through clubs, committees and personal endeavors. I would be honored to participate in this project to protect, preserve and research the rich heritage of Madison's cemeteries and their histories.

5. CONTRIBUTION/INTENTIONS

What do you feel will be your biggest contribution if appointed to this board/position?

As a new member I feel I can help facilitate the plans in place, meet and interact effectively with members of my new community and through them learn of other ways to be of service. I am definitely a team player, task driven and steady in delivery that I would not be able to achieve through my own efforts. Effectively,

6. OTHER COMMENTS OR INFORMATION
